

Investment Education Workshop

Crew Capital is pleased to present a fun way to learn about saving and investing. This unique workshop features play of the national award-winning Portfolios™ Investment Simulation game. Participants team to manage a portfolio of stocks, bonds, and a money market fund over a realistically simulated 10-year period. As players “experience” investing, they learn key concepts, including:

- ◆ Types of investments
- ◆ Risk and reward
- ◆ Aligning strategy with goals
- ◆ Asset Allocation
- ◆ Diversification
- ◆ Compounding

My understanding of personal investment was increased exponentially. I was thrilled that I attended this workshop.
Kathy Moliterno

I am looking forward to being able to discuss my goals and investments with more knowledge than I did two years ago thanks to the Portfolios game; which, by the way, was loads of fun!

Claudia Cantrell

The fun way to learn about investing...
